**Notes to Editors****ABOUT FTSE GROUP**

FTSE Group (FTSE) is a world leader in the provision of global index and analytical solutions. FTSE calculates indices across a wide range of asset classes, on both a standard and custom basis. FTSE indices are used extensively by investors worldwide for investment analysis, performance measurement, asset allocation, portfolio hedging and the creation of index derivatives, funds, Exchange Traded Funds (ETFs), and other structured products.

FTSE has built an enviable reputation for the reliability and accuracy of our indices and related data services. FTSE has a long tradition of listening and responding to the market so that it is at the forefront of developing new approaches to index design, many of which are now accepted as the market standard. FTSE prides itself in continuing to invest significant resources in researching and developing new index solutions.

The foundation for FTSE's global, regional, country and sector indices is the FTSE global equity universe, which covers over 7,400 securities in 47 different countries and captures 98% of the world's investable market capitalization. FTSE's flagship global benchmark, the FTSE All-World Index, is used by investors worldwide to structure and benchmark their international equity portfolios.

Exchanges around the world have chosen FTSE to calculate their domestic indices. These include BorsaItaliana, Bursa Malaysia, Casablanca SE, Cyprus Stock Exchange, IDX, JSE, LSE, NASDAQ Dubai, NYSE Euronext, PSE, SGX, Stock Exchange of Thailand and TWSE. In addition, FTSE works with a variety of companies and associations to deliver innovative index solutions which provide the market with fresh opportunities.

FTSE is wholly-owned by London Stock Exchange Group.
