## **Fresnillo, Inmarsat, Autonomy and Stagecoach to join FTSE 100**

---

**London, 10<sup>th</sup> September 2008:** FTSE Group ("FTSE") confirms today that Ferrexpo, Enterprise Inns, ITV and Carphone Warehouse will leave the FTSE 100 and be replaced by mining company Fresnillo, satellite operator Inmarsat, software company Autonomy and transport company Stagecoach.

In the mid cap FTSE 250 index, BH Global and Synergy Health will enter, while HSBC Infrastructure, Babcock & Brown Public Partnerships, Thames River Multi Hedge PCC, Axon, Elementis and Eaga will move up from the FTSE SmallCap into the FTSE 250. This means Quintain Estates, Southern Cross, Advance Developing Markets, Headlam, Morgan Sindall, Northgate, Speedy Hire, Workspace and Galiform will leave the FTSE 250 and go into the FTSE SmallCap.

The changes to the indices will take place following FTSE's UK Index Series quarterly review, which is carried out by the independent FTSE Europe, Middle East and Africa regional committee. The regular index reviews ensure the indices remain an accurate reflection of the market they represent - essential as they form the basis of many pension funds and investment portfolios.

All changes from this review take effect from the start of trading on Monday 22nd September.

## **Notes to Editors**

### **About FTSE Group**

FTSE Group is a world-leader in the creation and management of indexes. With offices in Beijing, London, Frankfurt, Hong Kong, Madrid, Paris, New York, San Francisco, Boston, Shanghai and Tokyo, FTSE Group services clients in 77 countries worldwide. It calculates and manages the FTSE Global Equity Index Series, which includes world-recognized indexes ranging from the FTSE All-World Index, the FTSE4Good series and the FTSEurofirst Index series, as well as domestic indexes such as the prestigious FTSE 100. The company has collaborative arrangements with the Athens, Cyprus, Euronext, Johannesburg London, Madrid, NASDAQ and Taiwan exchanges, as well as Nomura Securities, and Xinhua Finance of China.

FTSE indexes are used extensively by investors world-wide for investment analysis, performance measurement, asset allocation, portfolio hedging and for creating a wide range of index tracking funds. Independent committees of senior fund managers, derivatives experts, actuaries and other experienced practitioners review all changes to the indexes to ensure that they are made objectively and without bias. Real-time FTSE indexes are calculated on systems managed by Reuters. Prices and FX rates used are supplied by Reuters.
